

Pavilion

These beautiful structures come standard with 4" x 6" pressure treated skids, 2" x 8" treated deck boards, 8" x 8" rough sawn pine posts, 6" x 8" beams, 4" x 6" rough-cut rafters, 4" x 8" ridge beam, 2" x 6" tongue and groove ceiling surface, all wood surfaces come with 2 coats of high-quality exterior stain and one coat of clear, bubble wrap insulation and vapor barrier, and finally Metal roofing. You chose the color of the stain and roof. We build it to finish it and ship it to you. We can also deliver in kit form so the do-it-your-selfer can build. These structures require a 6" - 8" gravel base or better. Options available: log or rough sawn railings, screening w/door, enclosing one, or multiple sides, EZ breeze window, and screen, available without decking as a kit or built on site.

Options available: log or rough sawn railings, screening w/door, enclosing one, or multiple sides, EZ breeze window, and screen, available without decking as a kit or built on site.

This unit: 14'x 24' honey stain on timbers, provincial on the deck, ivy green metal roofing and Real Log railings.
