

Animal Shelters

Northwoods Cabin Company knows that living in and experiencing the great outdoors often includes caring for our animals. We offer a full line of animal shelters to protect your critters and ensure their safety and wellbeing.

- **Gambrel Barn** - Our Gambrel Barns offer the most space for your four-legged friends. With available 6' or 7'6" sidewalls, you will have room for all your critters, tools, and gear. You can also add loft space to take advantage of the spacious interior. Perfect for storing bales of hay or straw, extra tack and equipment, and more.
- **Run-In Sheds** - Our Run-In sheds are a low cost, low impact way to provide shelter for your furry family or farm members. Available in many sizes, you can close in additional sides, add gates, add doors, add a tack room, or customize to fit your needs - just ask us!
- **Deluxe Chicken Coops** - Our chicken coops provide shelter for your flock and peace of mind for you. Our coops can include: large access door, outside access to nest boxes, screened windows, closable chicken door with ramp, perches, and a vent; everything your birds need to stay safe, happy, warm and dry!

- **Animal Houses** - Whether protecting your dog, your tortoise, or any other little creature, our animal houses are made to last. With a treated 2x4 base, plywood floor, smartside siding, and a shingle roof, our houses offer a nice resting place for your animal.
- **Rabbit Hutches** - Providing safe space for your rabbit(s) to enjoy being outside!

We are happy to customize your animal shelter. Just ask us for what you need!
